

# Matthew M. Kling, PhD

Gund Postdoctoral Fellow, Department of Biology, University of Vermont  
mkling@uvm.edu • matthewkling.net • 802-488-4668

*Updated March 2024*

## RESEARCH

I'm an ecologist and data scientist focused on understanding biodiversity patterns and informing conservation under global environmental change. My work uses big data to investigate spatial and temporal ecological dynamics at scales ranging from genes to species to ecosystems. I conduct empirical research, develop modeling tools, and create data visualizations.

## EDUCATION

PhD, Integrative Biology 2020  
University of California, Berkeley—David Ackerly, advisor  
Thesis: *Plants on the move: the biogeography of dispersal and persistence under climate change*

BA, Conservation Biology & Environmental Studies 2005  
Middlebury College—Stephen Trombulak & Andrea Lloyd, advisors  
Thesis: *The ecophysiology of alpine treeline: a case study of balsam fir*

## AWARDS & FELLOWSHIPS

Postdoctoral Fellow, Gund Institute for the Environment 2022–present  
NSF Graduate Research Fellow (\$102,000 + tuition) 2015–2020  
Berkeley Fellow (\$60,000 + tuition) 2015–2020  
NSF NRT Data Science Fellow 2015–2017  
USGS-NatureServe EcoInforma student app award (\$2000 travel) 2015  
EPA Apps for the Environment (National runner-up) 2011  
High Honors & *Magna Cum Laude*, Middlebury College 2005

## RESEARCH & CONSULTING POSITIONS

Postdoctoral Associate, Dept. of Biology—UVM 2021–present  
Consultant—Institute for Parks, People & Biodiversity 2023–present  
Postdoctoral Scholar, Ackerly Lab—UC Berkeley 2020–2021  
Consultant in Global Change Biology—NatureServe 2015–2019  
Bioclimate Analyst—NatureServe 2013–2015  
Science Analyst—Brighter Planet 2008–2013  
Supervisory Biologist—Institute for Wildlife Studies 2007–2008  
Canid Ecology Crew Leader—Yellowstone Ecol. Rsrch. Center 2005–2006  
Plant Ecology Technician—US Geological Survey 2005  
Ungulate Ecology Technician—National Park Service 2005  
Environmental Intern—Admin. Ambiental Cooperativa Chilena 2004  
Research Assistant—USDA National Wildlife Research Center 2002

## INVITED TALKS

**Kling, M.** (2023, Nov). Panelist: Using species occurrence data in modeling, forecasting, and tool-building. Past-Present-Future Biodiversity Convening, California Academy of Sciences, San Francisco, California.

**Kling, M.** (2022, Feb). Whither, whence, and whether: modeling the ability of plant biodiversity to track climate change. UVM Plant Biology department seminar, Burlington, Vermont.

**Kling, M.** (2021, Nov). Emigrate, Evolve, Endure, or go Extinct: climate change vulnerability modeling in biogeography. UVM Biology department seminar, Burlington, Vermont.

**Kling, M.** (2021, *Jun*). Windscape connectivity modeling for biogeography. BEYOND seminar series, INRAE, Avignon, France.

**Kling, M.** (2019, *Dec*). California plant conservation gaps: an evolutionary perspective. Mary Bowerman Science & Research Colloquium, Berkeley, California.

**Kling, M.** (2019, *Dec*). Winds of change: climate-driven migration and the geography of wind. Carnegie Institution at Stanford, Palo Alto, California.

**Kling, M.** (2019, *Oct*). California plant conservation gaps: an evolutionary perspective. Half-Earth Day symposium, Berkeley, California.

**Kling, M.** (2019, *Sep*). Seeds of change: climate-smart seed collection for ecological restoration. Bay Area National Park Science Symposium, San Francisco, California.

**Kling, M.** (2019, *May*). Save the trees: informing conservation planning with multiple facets of phylogenetic diversity. Hennig XXXVIII symposium, Berkeley, California.

**Kling, M.,** S. Brown, A. Harvey, and P. Gonzalez (2019, *May*). Seeds of change: climate-smart seed provenancing for ecological restoration. US National Park Service workshop, San Francisco, California.

**Kling, M.** (2018, *Sep*). Conserving the evolutionary diversity of the California flora. Botany Lunch seminar series, Berkeley, California.

## CONTRIB. TALKS & POSTERS

**Kling, M.,** K. Baer, and D. Ackerly (2022, *Aug*). Plant communities as microclimate sensors: a new approach to climate downscaling using North American trees as bioindicators. Talk presented at Ecological Society of America, Montreal, Quebec.

**Kling, M.** and D. Ackerly (2020, *Aug*). Isolation by wind: wind connectivity shapes the landscape genetics of the world's forests. Talk presented at Ecological Society of America, virtual conference.

**Kling, M.,** H. Hamilton, D. Ackerly, P. Comer, and S. Auer (2020, *Jul*). Dimensions of climate change vulnerability and their management implications. Talk presented at North American Congress for Conservation Biology, virtual conference.

**Kling, M.** and D. Ackerly (2019, *Jul*). Winds of change: wind connectivity, gene flow, and climate adaptation in trees. Talk presented at Species on the Move, Kruger, South Africa.

**Kling, M.**, B. Mishler, B. Baldwin, A. Thornhill, and D. Ackerly (2018, Jul). Conserving the evolutionary diversity of the California flora. Talk presented at North American Congress for Conservation Biology, Toronto, Canada.

**Kling, M.**, B. Mishler, B. Baldwin, A. Thornhill, and D. Ackerly (2018, Jun). Future priorities for conserving the evolutionary diversity of the California flora. Talk presented at Digital Data in Biodiversity Research Conference, Berkeley, CA.

**Kling, M.** (2016, Dec). Multidecadal historic trends in California's coastal fog. Poster presented at the American Geophysical Union, San Francisco, CA.

**Kling, M.**, E. Burns, P. Cowan, and H. Hamilton (2016, Sept). The coast redwood climate envelope: 20th-century trends across space and time. Talk presented at Coast Redwood Science Symposium, Eureka, CA.

**Kling, M.**, M. Fernandez, and H. Hamilton (2014, Jun). The biogeography of recent climate change in coast redwood ecosystems. Poster presented at the Smithsonian Botanical Symposium, Washington, DC.

**Kling, M.**, M. Fernandez, and H. Hamilton (2014, Jul). Spatiotemporal patterns in greater sage-grouse exposure to recent climate change. Talk presented at the Society for Conservation GIS Conference, Monterey, CA.
